Paper No./Mail Date _____
7. ☒ Examiner's Amendment/Comment
8. ☒ Examiner's Statement of Reasons for Allowance
9. ☐ Other _____

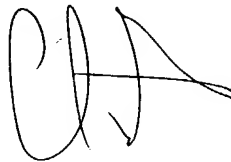

CHRISTOPHER UPTON
PRIMARY EXAMINER

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Howard MacCord Jr. on December 1, 2004.

The application has been amended as follows:

Non-elected claims 43, 45 and 46 have been canceled.

A handwritten signature in black ink, appearing to be 'CU' followed by a stylized flourish.

**CHRISTOPHER UPTON
PRIMARY EXAMINER**

The following is an examiner's statement of reasons for allowance: The recitation of an oil and grease removal assembly having a rotomolded plastic container with an inlet and an outlet, a rotomolded plastic basket support at the inlet, a rotomolded plastic baffle at the outlet, and having a plurality of cover sections, wherein a first section covers the basket support, a second section has an oil and grease removal mechanism, and a third section covers the outlet baffle patentably distinguishes over the prior art of record. The closest prior art, Lowe, discloses an oil and grease removal assembly having the basket, oil and grease removal mechanism, and baffle, but only discloses a two section cover and mounts the oil grease removal mechanism on a bridge or a container wall, not on an intermediate cover section.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

A handwritten signature in black ink, consisting of a large, stylized 'C' followed by a series of loops and a final flourish.
